

ST Aerospace's Gulfstream G550 luxury charter service takes flight

Plush interiors and impeccable service await VIP passengers when they fly with us in our brand new Gulfstream G550 business jet.

The G550 is the latest addition to the fleet of our air charter business, which provides premium flight services for

aeromedical, executive and leisure travel. To date, we have served some 200 destinations in Asia Pacific and the Middle East.

With the introduction of the G550, which boasts an ultra long range capability of 14 hours, we can now

fly direct from Singapore to places like London, Paris, Tokyo and the US. Dedicated flight crew are on standby round the clock and can be activated at short notice, according to the demand of our VIP passengers.
